REALISING CHILDREN'S POTENTIAL  
THROUGH EDUCATION

## ABOUT ARDOCH

Ardoch has been supporting children and young people to realise their potential through full participation in education for over 30 years.

One in three children in Australia's most disadvantaged communities start school developmentally vulnerable and they continue to fall behind as they progress through school. Ardoch seeks to change this. Our mission is to increase engagement in education, build the aspirations and enhance the learning outcomes of children in disadvantaged communities. We achieve this by mobilising community and workplace volunteers to build the capacity of schools and early years centres within these communities. We also advocate for, and seek to influence, policy change to reduce inequity in education.

Ardoch partners with over 125 schools and early years services to deliver tailored education support programs to over 16,000 children and young people across Australia. While the majority of our partners are based in Victoria, we are currently funded by philanthropy to expand the number of schools we work with in NSW.

Our programs are focused on literacy, science, technology, engineering and maths (STEM) and offering incursions and excursions that enable children and young people to broaden their horizons.

## INTRODUCTION

Ardoch believes that every child should have the opportunity to realise their potential through full participation in education. We know that there are additional, and often, hidden costs, for families when children start, or return to, school each year. The aim of this guide is to help inform you about the different costs of education and assist you to in managing these, including how you can reduce these costs and where you can find assistance.

Meeting school costs can be particularly difficult in times of crisis or ongoing adversity, and families may need to reach out for emergency relief or ongoing assistance. This guide is here to help you. You can read it all at once or dip into it as you need to.

## 1. SCHOOL FEES

All children of school age have the right to access free education at a government school, but there are many additional fees that schools may charge.

These can fall into the following three categories:

### ★ Essential Education Items

These items can include a school diary, school uniform, travel to school sports and some camps or compulsory excursions.

Schools decide what is essential and this is a *compulsory* bill. It should be sent to you at least six weeks before the end of the prior school year (possibly in November). You should be given the opportunity to pay this bill in the year of schooling.

The school may also be able to offer a payment plan. Contact them in the first-instance to find out what support they can offer.

### ★ Optional Extras

Extras can include music lessons, extra-curricular activities, class photos and formals.

You can *choose* whether or not you wish to pay this bill. However, your child will not be included in the activities if this bill is not paid.

Sometimes this bill includes items that most other students will have (e.g. lockers). Ask your school to find ways to ensure that your child is not left out.

### ★ Voluntary Contributions

These contributions can include costs for buildings or buying new school equipment.

Schools encourage payment because the money contributes to the school budget and allows the school to offer a richer program to the students. Fees are voluntary and students should not be prevented from participating in activities or curriculum because these contributions are not paid.

For more information, visit [www.education.nsw.gov.au](http://www.education.nsw.gov.au) and search 'voluntary school contribution'.

## 2. GOVERNMENT FINANCIAL ASSISTANCE

### ★ Federal Government Assistance

Federal government assistance is provided through Centrelink. For up to date information, please visit the Centrelink website at [www.centrelink.gov.au](http://www.centrelink.gov.au) and search for the relevant payment.

Here is a summary of payments that may be relevant for students and parents:

#### The Aboriginal and Torres Strait Islander Study Scheme

Indigenous secondary students may be eligible for Abstudy, which provides financial assistance for schooling or further studies. Indigenous primary students living at home and aged 14 years or more on 1 January in the year of study may also be eligible for assistance.

#### Assistance for Isolated Children's Scheme

This scheme provides for families who have a primary, secondary or under 16-year-old tertiary student, who cannot go to an appropriate government school because they live too far away, or have a disability or special need that cannot be met at a local state school.

#### Youth Allowance

Full-time secondary students may apply for the Youth Allowance Scheme through Centrelink if they are aged 18.

#### Child Care Subsidy Program

If you use an approved child care service, even if this is just in the school holidays, you may be eligible to receive the Child Care Subsidy to help with the cost.

If you are eligible for the Child Care Subsidy, you may also be able to apply for extra help through the Additional Child Care Subsidy. There are three categories of payments that you may be able to apply for depending on your circumstances:

- Grandparent
- Transition to work
- Temporary financial hardship

### ★ Local Government Assistance

Local governments generally do not assist individuals and families with education costs. Some local government areas provide programs under School Focused Youth Service Funds, but this is a service provided to schools. Ask your school administration if the school accesses the School Focused Youth Service.

### 3. COMMUNITY ASSISTANCE OPTIONS

There are a number of community and crisis support organisations that provide families with support and financial or material aid. This can include assistance for school-related costs and may come in the form of vouchers for items like stationery, uniforms, textbooks or food.

#### ★ **St Vincent de Paul Society**

The St Vincent de Paul Society can assist people in need through the following programs listed below.

It also manages many other local services. Visit [www.vinnies.org.au](http://www.vinnies.org.au) and search 'find help' to explore the services available in your area.

#### Family Assistance Hotline

This is a central assistance hotline for anyone experiencing financial hardship. Volunteers make a home visit and provide relevant assistance. Emergency relief may be given in the form of food parcels, food vouchers and assistance with utility bills, clothing, furniture and referral. The type of relief given is based on an assessment made by volunteer members at the time of the home visit.

Ph: 1800 606 724

#### No Interest Loan Scheme (NILS)

This scheme provides interest free loans for individuals or families on low incomes to access credit for the purchase of essential goods and services. As loans are repaid, the money is lent out to other members of the community to utilise the service. You can re-apply for another loan once you have repaid outstanding loans.

[www.vinnies.org.au](http://www.vinnies.org.au) (search 'NILS').

#### The Early Links Program

The Early Links program provides time limited support to families of children aged less than nine years around the time of their child's diagnosis with a disability or developmental delay.

## 4. UNIFORMS

### ★ Within Your School

#### Uniform Shop

Often, the uniform shop will keep second-hand stock as well as new items.

#### Swap Days

Some schools have swap days, which are usually organised by the Parents' Association. Check with your school to see what they have available.

#### Connecting With Other Families

You may know someone who has children slightly older than your children who could pass on second-hand school uniforms.

#### Setting Up a System

You may like to be involved and set up a second-hand uniform shop within your school. Second-hand uniform shops are often set up by parents within their school so contact the school's Parents' Association to find out more information or to start one yourself.

### ★ Options for Generic (Plain) Uniform Items

Stores like Big W, Target and K-mart sell a range of plain, school coloured clothes that can be used as uniform wear. These garments retail for a fraction of the regular uniform suppliers' price. If available, ask your school for an iron-on or sew-on logo to put on purchased items.

### ★ Online Options

The following websites may have second-hand uniforms for your school. Searching is free on both websites – although listing an item to sell on the Sustainable School Shop may incur a small fee (about \$1.50).

- Sustainable School Shop: [www.sustainableschoolshop.com.au](http://www.sustainableschoolshop.com.au)
- The Uniform Exchange: [www.theuniformexchange.com.au](http://www.theuniformexchange.com.au)

## 5. TEXTBOOKS

### ★ Within Your School

#### School Book Sale Days

Often a school will organise for second-hand textbooks to be sold at discounted prices to students. Most schools hold their second-hand book sales in early December.

#### Hiring Textbooks

Some schools allow families to hire textbooks for the year at a nominal cost. Under this scheme it is the student's responsibility to care for the textbooks and ensure their return to the school at the end of the year.

#### Understanding What is Needed

Speak with the school about the textbook list and ask about the following:

- **When in the year are the textbooks needed?** Some textbooks may be needed later in the year and some earlier. You can buy the essentials first.
- **Is it important to have the most up-to-date edition?** Previous editions are much cheaper than the latest edition and may be just as acceptable to the school even though they are not listed on the official textbook list.

#### Setting Up a Textbook Sale Day at Your School

You may like to be involved and set up a textbook sale day within your school. Second-hand textbook sale days are often set up by parents within their school, so contact the school's Parents' Association to find out more information and get the ball rolling.

### ★ Selling Your Old Textbooks

You can sell your old textbooks through a range of avenues:

- 1) **The school's textbook supplier may accept second-hand textbooks for a trade in.** Only current textbooks in good condition are usually accepted. The school's textbook supplier details will have their contact details on the booklist issued to you by the school.
- 2) **You can sell textbooks online.** See the options below.

### ★ Online Options

There are many online options for both new and second-hand textbooks, which may be cheaper than the school's recommended supplier. Make sure you search for the correct edition and factor in **postage costs**.

### ★ Your Local Library

Your library may have key textbooks that are available to borrow.

### ★ Sharing Books

There may be an option to share in the purchase and usage of a textbook with a fellow student. Costs are reduced by each of you paying half the price and then time-tabling or organising around your individual study needs.

## 6. STATIONERY

Some schools have a communal stationery pool, which parents contribute to by paying a fee. Other schools expect you to purchase all the supplies based on a list provided by them.

### ★ Shop Around

There are often cheaper options than the school supplier. Check out these stores (in-store or online) that sell stationery:

- [www.kmart.com.au](http://www.kmart.com.au)
- [www.bigw.com.au](http://www.bigw.com.au)
- [www.officeworks.com.au](http://www.officeworks.com.au)

Shop around and take your list to local stationery shops and they may be able to quote you on how much it will cost to fill.

Use stationery left over from previous years if appropriate.

## 7. TECHNOLOGY

The requirement for students to have personal digital devices is common in secondary schools. Here are some organisations that can help you meet the costs of devices and other IT equipment.

### ★ Schools

Schools may have payment plans in place to help you pay for IT equipment. Ask them to see how they can support you.

### ★ Good Shepherd Microfinance

Good Shepherd Microfinance has loans that you may be eligible for to help pay for IT equipment.

### ★ Free Services

Schools, local libraries and the State Library of NSW all offer computer and internet access free of charge.

## 8. STUDENT TRAVEL

### ★ Community Connections

Walking, riding a bike, carpooling are all great ways to get to school. Email or ask other parents to see if there are any life-sharing arrangements your children may be able to be a part of.

### ★ Public Transport

#### Primary and Secondary Students

Primary and secondary students could be entitled to free or concession travel to and from school through the School Student Transport Scheme or the School Drive Subsidy (in areas where there is no public transport).

[www.apps.transport.nsw.gov.au/ssts/#/](http://www.apps.transport.nsw.gov.au/ssts/#/)

For students who live in Sydney and surrounding areas and do not qualify for the above schemes, there is concession travel available with a School Term Bus Pass (for travel to and from school) and Child/Youth Opal Card (for travel anytime).

For students who live in regional NSW and do not qualify for the above schemes, they should check concession travel options with local transport operators.

[www.transport.nsw.info](http://www.transport.nsw.info)

### ★ Assisted School Travel Program

Students with a disability may be eligible for transport assistance under the Department of Education Assisted School Travel Program (ASTP). The ASTP provides free and specialised transport to and from school where parents and carers are unable to provide transport for the student.

[www.education.nsw.gov.au/public-schools/astp](http://www.education.nsw.gov.au/public-schools/astp)

### ★ Fares Allowance

The fares allowance assists students who are living away from their permanent home in covering the cost of travelling to and from their place of study. Your local Centrelink can provide you with further information.

## 9. CAMPS, SPORTS AND EXCURSIONS COSTS

Excursions and camps fall within the 'essential education items' payment which means that schools can require payment for them. If you are finding it a challenge to pay for an excursion or school camp, talk with the school and try to negotiate a payment plan.

If you are unable to reach an alternative payment option and your child is not able to attend the excursion or camp, the school should provide an alternative option for your child.

If your children are taking part in sports with an **approved Active Kids provider**, you can claim two \$100 Active Kids vouchers for each school-enrolled child annually. These vouchers, provided by the NSW Government, can be used to help cover costs towards membership and registration fees for sport and recreation.

[www.sport.nsw.gov.au/sectordevelopment/activekids/parents](http://www.sport.nsw.gov.au/sectordevelopment/activekids/parents)

## 10. FOOD COSTS

There is growing research linking nutrition to educational outcomes. Breakfast is a key meal to help children actively engage at school.

Some hints to reduce food-related costs are:

- Buying at markets
- Buying bulk foods and then breaking down into little portions for lunch boxes, rather than buying snack pack sizes which tend to be more expensive
- Tuckshop/canteen lunches are more expensive than packing a home lunch

Some schools have Breakfast Clubs, which can help provide healthy breakfast options for students. Foodbank has established a School Breakfast Club pilot program in NSW, which is aiming to provide a healthy breakfast to 700 of the most disadvantaged schools across the state. Check with your school to find out about potential support through Breakfast Clubs and/or School Pantries.

If you are in **crisis** or **struggling on an ongoing basis** to provide breakfasts and lunches for your children it may be worth seeking some assistance. See the 'Community Assistance Options' section in this booklet.
