

# 7 Tips for Teaching Children Learning English as a Second Language (ESL)

**1. Increase the amount of English the child hears**

**2. Use the child's interests**

This plays an essential role in their learning.

**3. Interactive and Responsive Activities**

Play-based activities promote language learning opportunities.

**4. Meaningful Activities**

Set up the learning environment to encourage the student to use the target words.

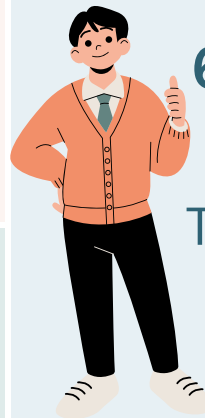

**5. Lots of Examples**

Lots of different examples from different people in different places to learn.

**6. Teach new words in sentences**

The context of a word in a sentence shows the student its meaning.

**8. Use lots of visuals!**

1. Are a universal language!
2. Increase the student's interests.
3. Broken down into easily understood pieces.
