Ardoch School Costs Guide

A guide for parents on how to
manage and reduce school costs

Introduction

From the first day you send your child to school, and every year thereafter, you hope that they will find friends, have fun, and develop a love of learning that will guide them throughout their time at school. We share your passion for your child's future and believe that every child's potential should be realised through full participation in education. We have put together this guide to help you navigate the costs involved with going to school in Victoria.

No journey through the education system is the same, however meeting school costs is a challenge that every parent and carer faces. There can be many unexpected expenses throughout the school year, but there are also several government programs and community groups that can help you reduce these costs and provide ongoing support and assistance.

The guide is available in the following languages: English, Vietnamese, Arabic, Dari.

An updated version of this guide is available on our website (www.ardoch.org.au) in November of each year.

About Ardoch

Ardoch has been supporting children and young people to realise their potential through full participation in education for over 30 years.

All children face challenges at school, and many things can affect a child's ability to engage in the classroom. It is easy for vulnerable students to fall behind as they progress through school, and difficult for them to catch up. Ardoch works closely with our schools to support vulnerable students through our educational programs.

Our mission is to increase engagement in education, build the aspirations and enhance the learning outcomes of children in under resourced communities. We achieve this by mobilising community and workplace volunteers to build the capacity of schools. We also advocate for, and seek to influence, policy change to reduce inequity in education.

Ardoch partners with more than 150 schools and early years services to deliver tailored education support programs to more than 18,000 children and young people across Australia each year. The majority of our partners are in Victoria, where we have a particular focus on communities around Dandenong, Frankston, the northern suburbs of Geelong, Hume, Wyndham, and Melbourne's West. Additional partner schools services are located in inner and greater Melbourne, Ballarat, Brisbane, Perth and Sydney.

Our programs are focused on cultural activities, literacy, science, technology, engineering and maths (STEM) and offering incursions and excursions that enable children and young people to broaden their horizons.

1. School Fees

— what is compulsory, what is voluntary?

All children of school age have the right to access free education at a government school, but there are many additional fees that schools may charge.

These can fall into the following three categories:

★ Essential education items

- A school diary
- School uniform
- Travel to school sports
- Camps
- Excursions/school visits

Schools decide what is essential and this is a **compulsory** bill. It should be sent to you at least six weeks before the end of the school year, to cover the following year.

The school may also be able to offer a payment plan. Contact them to find out what support they can offer.

★ Optional extras

- Music lessons
- Extra-curricular activities
- Class photos
- Formals/graduation events

This is an **optional** bill, but your child will not be included in some activities if this bill is not paid.

Sometimes this bill includes items, such as lockers, that most other students will have. Ask your school for support so that your child is not left out.

School Fees (cont.)

★ Voluntary contributions

These contributions can include costs for buildings or buying new school equipment.

Schools encourage payment because the money contributes to the school budget and allows the school to offer a richer program to the students. Fees are **voluntary** and students should not be prevented from participating in activities or curriculum because these contributions are not paid. This is a requirement of the Parent Payments Policy, which schools must follow.

To view this policy, visit www2.education.vic.gov.au/pal/parent-payment/policy.

You can also visit <http://www.education.vic.gov.au> and search '**school costs and fees**' for more information on all kinds of school fees.

2. GOVERNMENT SUPPORT PROGRAMS

★ Federal government assistance

Federal government assistance is provided through Centrelink. For up-to-date information, please visit the Centrelink website at www.servicesaustralia.gov.au/individuals/centrelink and search for the relevant payment.

Here is a summary of payments that may be relevant for students and parents:

ABSTUDY – The Aboriginal and Torres Strait Islander Study Scheme

Indigenous secondary students may be eligible for Abstudy, which provides financial assistance for schooling or further studies. Indigenous primary students living at home and aged 14 years or more on 1st January in the year of study may also be eligible for assistance.

Assistance for Isolated Children's Scheme

This scheme provides for families who have a primary, secondary or under 16-year-old tertiary student, who cannot go to an appropriate government school because they live too far way, have a disability or special need that cannot be met at a local state school.

Youth Allowance

A young person may apply for the Youth Allowance Scheme through Centrelink if they are:

- 16 to 21 and looking for full time work
- 18 to 24 and studying full time
- 16 to 24 and doing a full time Australian apprenticeship
- 16 to 17 and independent or needing to live away from home to study
- 16 to 17, studying full time and have completed year 12 or equivalent

GOVERNMENT SUPPORT PROGRAMS (cont.)

- Grandparent
- Transition to work
- Temporary financial hardship

Some local government areas provide programs under School Focused Youth Service funds, but this is a service provided to schools. Ask your school administration if the school accesses the School Focused Youth Service.

5. UNIFORMS

★ Within your school

Uniform shop

Often, the uniform shop will keep second-hand stock as well as new items.

Swap days

Some schools have swap days, which are usually organised by the Parents' Association. Check with your school to see what they have available.

Connecting with other families

You may know someone who has children slightly older than your children who could pass on second-hand school uniforms.

Setting up a system

If your school doesn't have a second-hand shop, you may like to set one up within your school. Second-hand uniform shops are often run by parents within their school so contact the school's Parents' Association to find out more information or to start one yourself.

★ State Schools' Relief (SSR)

SSR is a charity providing new clothing, shoes and textbooks for children in need who attend Victorian government schools. They can also contribute towards the purchase of branded uniform items. SSR support can only be accessed through the school, so please contact the school principal or welfare officer to see if you are eligible for support.

www.ssr.net.au

Ph: (03) 8769 8400

Glasses for kids

SSR, with the support of the Department of Education and Training, delivers a free vision screening program for Prep to Year 3 students at participating schools. If students are found to have a vision impairment, the program also facilitates follow up eye testing and glasses. Parental consent is required for screening.

★ Generic (unbranded) uniform items

Department stores such as Big W, Target and Kmart sell a range of plain, school coloured clothes that can be used as uniform wear. These garments retail for a fraction of the regular uniform suppliers' price. If available, ask your school for an iron-on or sew-on logo to put on purchased items.

★ Online options

The following websites may have second-hand uniforms for your school. Searching is free on both websites – although listing an item to sell on the Sustainable School Shop may incur a small fee (about \$1.50).

- Sustainable School Shop: www.sustainableschoolshop.com.au
- The Uniform Exchange: www.theuniformexchange.com.au

Online community forums and groups may also have second-hand uniform for sale/exchange. See Facebook marketplace or www.gumtree.com.au. Please be cautious of scams when using these sites.

6. TEXTBOOKS

★ Within your school

School book sale days

Often a school will organise for second-hand textbooks to be sold at discounted prices to students. Most schools hold their second-hand book sales in early December.

Hiring textbooks

Some schools allow families to hire textbooks for the year at a nominal cost. Under this scheme it is the student's responsibility to care for the textbooks and ensure their return to the school at the end of the year.

Understanding what is needed

Speak with the school about the textbook list and ask about the following:

- **When in the year are the textbooks needed?** Some textbooks may be needed later in the year and some earlier. You can buy the essentials first.
- **Is it important to have the most up-to-date edition?** Previous editions are much cheaper than the latest edition and may be just as acceptable to the school even though they are not listed on the official textbook list.

Get support

Les Twentyman Foundation has a 'Back to School' program, which can provide textbook support to eligible students. Students also receive a **stationery pack**. Ask your school counsellor for more information.

www.ltfoundation.com.au

Setting up a textbook sale day at your school

You may like to be involved and set up a textbook sale day within your school. Second-hand textbook sale days are often set up by parents within their school, so contact the school's Parents' Association to find out more information and get the ball rolling.

★ Selling your old textbooks

You can sell your old textbooks through a range of avenues:

1. **The school's textbook supplier may accept second-hand textbooks for a trade in.**

Only current textbooks in good condition are usually accepted. The school's textbook supplier details will have their contact details on the booklist issued to you by the school.

2. **You can sell textbooks online.** See the options below.

★ Online options

There are many online options for both new and second-hand textbooks, which may be cheaper than the school's recommended supplier. Make sure you search for the correct edition and factor in **postage costs**.

For second-hand textbooks try the following websites:

- www.sustainableschoolshop.com.au
- www.lilydalebooks.com.au (based in Melbourne)
- www.tstextbooks.com.au
- www.textbooksoz.com (for new and second-hand textbooks)
- www.brotherhoodbooks.org.au (for novels)
- www.ebay.com.au
- www.gumtree.com.au
- www.schoolbooks.com.au (for new and second-hand text books for secondary school)

- www.bookdepository.com
- www.booktopia.com.au
- www.dymocks.com.au
- www.robinsonsbooks.com.au
- www.readings.com.au

★ Your local library

Your library may have key textbooks that are available to borrow.

★ Sharing books

There may be an option to share in the purchase and usage of a textbook with another student. Costs are reduced by each of you paying half the price and then timetabling or organising usage around your individual study needs.

7. STATIONERY

Some schools have a communal stationery pool, which parents contribute to by paying a fee. Other schools expect you to purchase all the supplies based on a list provided by them.

★ Shop around

There are often cheaper options than the school supplier. Check out these stores (in-store or online) that sell stationery:

- www.kmart.com.au
- www.bigw.com.au
- www.officeworks.com.au

Shop around and take your list to local stationery shops and they may be able to quote you on how much it will cost to fill.

Use stationery left over from previous years if appropriate.

8. TECHNOLOGY

The Department of Education and Training has clear guidelines on parent payments for the use of personal devices at school. You can view these guidelines and read their Frequently Asked Questions page by searching for 'personal devices parent payments' at www2.education.vic.gov.au/pal.

Some organisations can help you meet the cost of devices and other IT equipment.

★ Schools

Schools may have payment plans in place to help you pay for IT equipment. Ask them to see how they can support you.

School students can also purchase a half or full year student pass in their chosen area but must also carry a Public Transport Victoria (PTV) Approved School Student ID card or PTV School Student ID card. A Student Pass entitles primary and secondary students to unlimited travel on public transport within Victoria. It will be electronically loaded onto a concession myki. Both the myki and PTV Student Concession Card must always be carried when travelling.

Each eligible student is paid \$125 per year (primary) or \$225 per year (secondary). Payments are made directly to the school and are tied to the student. Most payments start from March onwards. Applications can be received over term one and two.

www.education.vic.gov.au (search ‘camps, sports and excursion fund’)

11. FOOD COSTS

A healthy diet helps set up students for success. Breakfast is a key meal to help children actively engage at school.

Some tips to reduce food-related costs are:

- Buying bulk packets
- Packing a home lunch
- Shopping at markets

Some schools have Breakfast Clubs, which can help to provide healthy breakfast options for students. Foodbank Victoria receives government funding to run the School Breakfast Clubs Program for 500 schools in Victoria. Check with your school to find out about potential support through breakfast clubs and/or school pantries.

If you are in crisis or struggling on an ongoing basis to provide breakfasts and lunches for your children, it may be worth seeking crisis or ongoing assistance.
